Long Answer: Printing out the exam and saving the book to your computer means you can relax and finish the course offline at your own pace, without spending hours and hours on the internet; you'll have a readily available copy of the book for your library in case you need to refer to it; and, you eliminate the constant switching between an exam screen and a book screen . . . a big hassle that can add hours to completing an online course. Finally, a good reason for printing the exam and marking your answers is you have a paper back-up if your computer or the internet freezes . . . and, we've all been there!
